Ryan Meili and Trent Wotherspoon

RE: USW Endorsement

USW Northern and Southern Area Councils are pleased to announce that United Steelworkers are endorsing **Trent Wotherspoon for Leader of the Saskatchewan NDP**. The quality of the candidates and the level of responses to the concerns faced by Steelworkers resulted in a very difficult decision following a long and healthy debate.

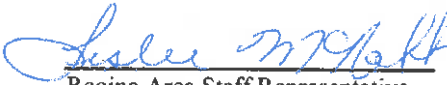

We would like to thank all of you for taking the time to attend our forum and for sharing the message of your vision for the future with us. It is clear that both of you have incredible leadership ability and qualities that our party will benefit from, regardless of whom is selected leader at the convention. We pledge our continued support to each of you and ask that you continue to work as a proud and competent team possessing more than the necessary abilities to reclaim this province from the Sask Party and the incredible damages caused by them.

There is great promise and a bright future for New Democrats' and the people of this province as long as candidates like you continue to represent us.

In solidarity,

United Steelworkers
