

NOTICE

Due to the continued growth of our workforce changes are required to ensure lockers are available for all employees.

The effected lockers are being replaced with new lockers and this will temporarily affect the assigned employees.

Only the rows of lockers with this poster will be replaced.

The expectation is to start the replacement of lockers the week of November 20, 2017.

Further communication with the specific requirements for each person will be posted on November 13, 2017.

Thank you,
Evraz Management
