Hon. Don Morgan, K.C.
Minister of Crown Investments Corporation
Legislative Buildings
Regina, Sask S4S 0B3

Hon. Lori Carr
Minister of SaskBuilds and Procurement
Legislative Buildings
Regina, Sask S4S 0B3

Dear Ministers:

Thank you for your May 24, 2023 letter responding to our request to invite Saskatchewan Crown Corporations to meet with us to better utilize locally manufactured products like steel made by our members at United Steelworkers (USW) Locals 5890 and 5917 at steel plants in Regina.

As you know, the Evraz operations are currently in the midst of a sale. We have maintained ongoing contact with local and North American management and are reaching out to them to join us in our conversations. Together, we will directly contact Crown Investment Corporation Vice-President, Tim Highmoor to arrange further discussions.

Our Union is committed to protecting and growing good-paying jobs in Saskatchewan. We know our members in the manufacturing industry can compete with the world.

On behalf of our union, we look forward to working with Crown Investments Corporation to ensure we are all doing our best to ensure products made in our province, are used in our province.

Sincerely,

A handwritten signature in black ink, appearing to read 'Scott Lunny', followed by a horizontal line and a period.

Scott Lunny
Director
